REPORT

OF

COUNTY COMMISSIONERS, SUPERINTENDENT OF
THE COUNTY FARM, CLERK OF THE SUPERIOR
COURT, SHERIFF, JAILER, COUNTY
TREASURER, AUDITORS,
COUNTY SOLICITOR

COMMISSIONERS' REPORT.

To the Citizens of Hillsborough County:

In compliance with the provisions of the Public Statutes of the State of New Hampshire, the County Commissioners submit this, the seventy-fifth annual report of the County of Hillsborough, for the year ending December 31, 1921, containing the report of the Superintendent of the County Farm, Treasurer and other County Officers.

The superintendency of the County Institution for the first three months was under the management of Judge John W. Center and Mrs. Center as matron, and since April 1st, a former superintendent, James M. George, has been in charge with Mrs. George as matron, all together with Mr. John L. Wentworth as assistant superintendent, have performed their duties in a very satisfactory manner. The products of the farm have been large and economically produced.

The hospital was under the efficient management of Dr. Damase Caron of Manchester as superintendent, and Dr. E. B. Swett of Grasmere as assistant until April 1st, when Dr. B. E. Sanborn was elected county physician, and has continued the work with great ability. Miss Addie M. Moore has been retained as matron and superintendent of nurses and Mrs. Jessie R. Corey as assistant. The splendid work done by these officials has been a Godsend to the sick and unfortunates.

The Jail is still under the capable management of Sheriff John T. O'Dowd as Jailer, and Mrs. O'Dowd as matron.

One of the hardest problems is the care of children. This department has cost the County over \$45,000 for children outside the County Farm for the past year. Improvements

have been made at the Farm by changing the children's ward into the south end of the same wing, giving them better light and air.

As a result of the boiler inspection last winter, it was thought that the heating plant would go for a year or two longer, but at an inspection in April, the boilers were reported unsafe and about the same time the boilers at the hospital gave out and after consultation with the Chairman, Executive Committee of the Hillsborough County delegation and a competent steam boiler engineer, upon their recommendation, it was thought best to adopt the central heating system which was advised by the Legislature Committee several years ago. Two new boilers have been installed and one old boiler reset, thereby saving much coal, besides saving the expense of one engineer at the hospital. A concrete sub-way has been built from the Administration building to the hospital for the purpose of taking care of all pipes and also a great convenience as a passage way in stormy weather. The labor on the same has been done largely by prisoners, so the cost to the County has not been large.

We respectfully invite members of the Legislature and all interested in County affairs to visit the County Farm and examine it in all respects, particularly into the treatment of inmates and all details of management.

We extend our thanks to the Selectmen and Overseers of the Poor and all others who have been of assistance to the Commissioners in their work.

Respectfully submitted,

CHAS. W. STEVENS,
ALBERT T. BARR,
HARRY A. WILKINS,
County Commissioners.

SUPERINTENDENT'S REPORT.

*To the Honorable Board of Commissioners, and Citizens of
Hillsborough County:*

GENTLEMEN—

In submitting my report for the year 1921, it is with pleasure that I am able to say that the institution is in a very prosperous condition both physically and financially.

Owing to changes in the laws governing the accounts to be kept by County institutions, and upon the recommendations of the delegation to the last legislature, we are making these changes in our report accordingly.

We have had more patients entrusted to our care during the year, than there has been in each of the last few years; therefore necessarily requiring more to maintain them.

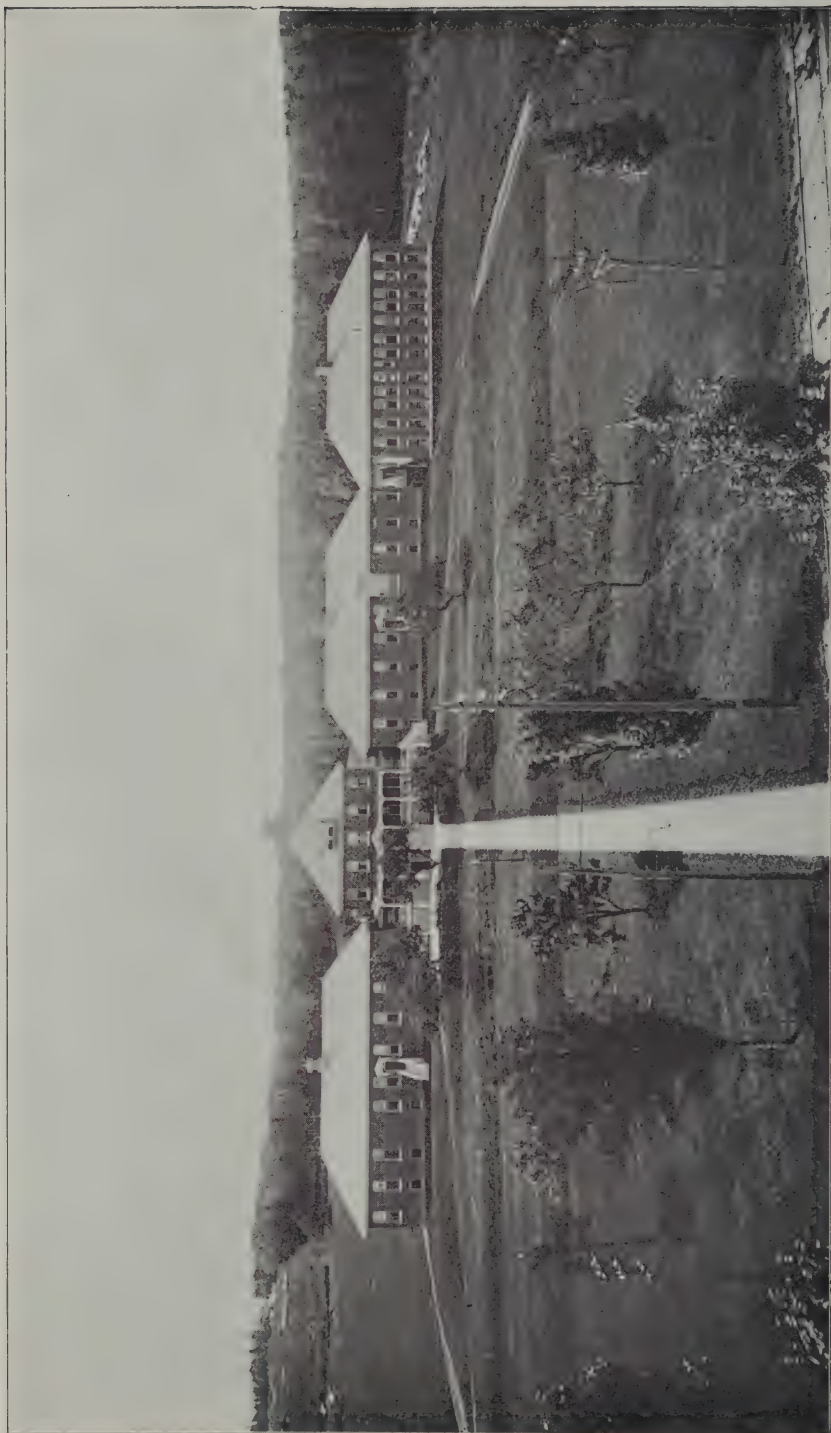

We have remodeled one of the wards in the almshouse for the care of the children, which gives them nice sunny quarters, with play rooms, sleeping room, and dining room with kitchen connected.

Suspicion rested strongly upon the herd of cattle here at the Farm as not being healthy. The department of animal industry of New Hampshire was consulted; upon their advice and under their direction our stock was tested, the entire herd was found to be reactors; they were slaughtered and disposed of according to law, this being a big loss to the County. We have disinfected, cleansed, and remodeled the stable. We have purchased sixteen registered holstein cattle, which I believe is serving the County with much credit, and later I hope that we may add to the present stock to the capacity of the stable. At this time I feel it my duty to suggest that at the next session of the legislature we ask for an appropria-

tion for a modern cattle stable, for the dairy products of the farm are a valuable asset to the institution.

We have encountered some very serious conditions during the year. These have been met with consideration and study, and overcome to advantage and improvement to the institution. The greatest problem was the heating system. In April the two sectional heaters at the hospital buildings completely gave out and leaked beyond repair, they having been repaired four times during the previous winter. In July the semi-annual inspection by the insurance company of our two large boilers was made, and the report condemned one and ordered the other one repaired. After careful and thorough study of separate heating plants, and their costs, it was found to be cheaper to establish one central plant, and more economical to maintain, and in keeping with modern systems of heating. Then arose the question of conveying the steam to the hospital a distance of 420 feet. Two ways were available: one was laying the steam pipes through a conduit under ground, from three to ten feet in depth; this way when repairs are to be made would be very expensive and unsatisfactory; the other way was through a subway which was finally decided to use. Bids were asked for in building the subway: four contractors submitted bids. These were all rejected, and we decided to build this with our own help by hiring such skilled tradesmen as would be necessary. The subway is practically complete and in use, giving a passageway five feet wide and six and one-half feet in height, connecting the administration building and hospital, with the steam pipes hanging upon the side wall, which gives easy access to them for repair or inspection. By building this subway with our own help has been a saving of \$1,750 to the County, as the actual costs of building is that amount less than the lowest bidder.

Bids were asked for on the heating plant: six contractors submitted bids on same. The contract was awarded to F. E. Newcomb, as the lowest bidder. In the boiler house we now

HOSPITAL BUILDINGS, GRASMERE.

have two new Dillon boilers of 125 horse-power each, and one of the old boilers repaired and reset; these are now in use, and with the mains connected to the hospital, a very rigid test having been given the entire system, we feel that we have an abundance of heat for the present set of buildings and a reserve for future additions.

So satisfactory is the steam plant working that I am prompted to say that the contractor, Mr. F. E. Newcomb, has fulfilled his agreements to the highest degree of efficiency.

To all the societies, clubs, unions, and persons, who have so generously contributed to the comfort and happiness of our patients, I extend my heartfelt thanks. I must add a word for the thoughtfulness and goodness of the Legion Band in coming out to the Farm on Christmas morning and rendering such a splendid concert in the chapel.

To the physicians and chaplains, who have so pleasantly co-operated with Mrs. George and myself in the welfare and care of the patients, I extend my deepest thanks.

To the officers and employees of the institution who have been so faithful in the discharge of your duties and so interested in the welfare and success of our institution, I return you my appreciative thanks.

To you, Messrs. Commissioners, I offer my sincere thanks for the many courtesies, aid and support, that you have given me at all times, and permit me to say that I am mindful of your untiring efforts for the betterment of the institution and its human cares, also for each and every item of County business that is entrusted to your care.

Respectfully submitted,

JAMES M. GEORGE,
Superintendent.

REPORT OF THE COUNTY PHYSICIAN.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN—

The work in the hospital this year has been unusual in that we have had less sick children, more special cases, more emergency cases and more pay patients, notwithstanding the fact that it became necessary to increase the rates.

The women's department has been overcrowded owing to the necessity of taking over one ward for the children, which was done two years ago. The children's ward needs a new lavatory, bath-room and veranda. There is great need of some new operating-room equipment and also labor-saving devices in the kitchen.

A much needed class room has been arranged, also a modern system of hospital records has been installed. The central heating system is very satisfactory, eliminating noise and dust from the hospital. The training-school has graduated several nurses during the year, and thus far we have no difficulty in obtaining suitable pupils for entrance. It gives us much pleasure to state that our graduate nurses are filling responsible positions in many states.

For year ending December 31, 1921:

Daily average	79
Smallest number of patients at any time....	61
Largest number of patients at any time	93
Total days' board.....	28,885
Number of patients admitted during year...	445
Number of patients discharged during year..	443
Number of patients in hospital Jan. 1, 1922	78
Number of patients in hospital Jan. 1, 1921	76

Respectfully submitted,

BENJAMIN E. SANBORN, M. D.

CHAPLAINS' REPORTS.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN—

My services as Chaplain have been much the same as in former years. I have attended twelve funerals and conducted services twice a month in the chapel.

We have also visited the almshouse and hospital as occasion required.

The utmost courtesy and kindness has been shown me in all my ministrations by all the officers and attendants.

I wish to thank Superintendent and Mrs. George, also Miss Moore and Mrs. Corey for their helpful kindness in my work.

Respectfully,

E. C. GOODWIN,
Chaplain.

December 31, 1921.

To the Honorable Board of the Hillsborough County Commissioners:

GENTLEMEN—

During the year 1921, I have held a public service once a month in the chapel of the County Farm. I have also visited the patients at the hospital twice every week, and answered all special calls.

For their courtesy and kind assistance in my spiritual ministration, I wish to thank Mr. and Mrs. George, Miss Moore and other officers of the institution.

Respectfully yours,

ALFRED J. CONSTANT, D. D.

Report of Treasurer

(For the year ending December 31, 1921.)

To the Board of County Commissioners:

GENTLEMEN—

The Treasurer herewith submits to your honorable board his report giving a tabular statement of the receipts and expenditures for the year ending December 31, 1921; also a statement of the bonding debt and sinking fund.

You will observe that the classification of receipts and expenditures is somewhat different than in former reports. This is due to a regulation made by the State Tax Commission under Chapter 5, Laws of 1921, that provides in substance that County Treasurers shall keep records of receipts and payments of County funds conformably to classification prescribed by the State Tax Commission, and this report is made in conformity thereto.

Respectfully yours,

EDWARD H. LABINE,
County Treasurer.
